

# Are You Paying High Electricity Bills?

Now it's time to go for Solar power for common man

**THINK LIKE A KING.GO FOR SOLAR**

**Say Goodbye to Rising Bills**

ॐ "Om Suryay Namah" ॐ  
Let's bring Sun in to our lives

ABOUTUS

**K**ypas Solar Power, a leading Indian solar developer that offers one-stop Solar energy solutions to industrial, commercial, institutional, and residential clients.

Kypas Solar Power is dedicated to making solar energy affordable and accessible for everyone. Through consumer awareness, efficient service, and an extensive network of partners, we deliver streamlined solar solutions that empower the solar revolution. We don't just talk about solar energy, we deliver it **streamlined and ready to revolutionize the future of energy.**

“ **"Honesty guides us, trust is our goal. Kypas Solar Power embraces transparency, like sunlight dispelling darkness, to build unwavering trust that fuels your clean energy journey."** ”

**VISION**

Affordable rooftop Solar for all – it's not just a Dream, it's our Blueprint

**MISSION**

Solar for everyone: Hassle-free, Affordable, Accessible

**VALUES**

Uncompromising Quality, Unwavering Commitment. Power your Home with our Rooftop Solar you can Trust

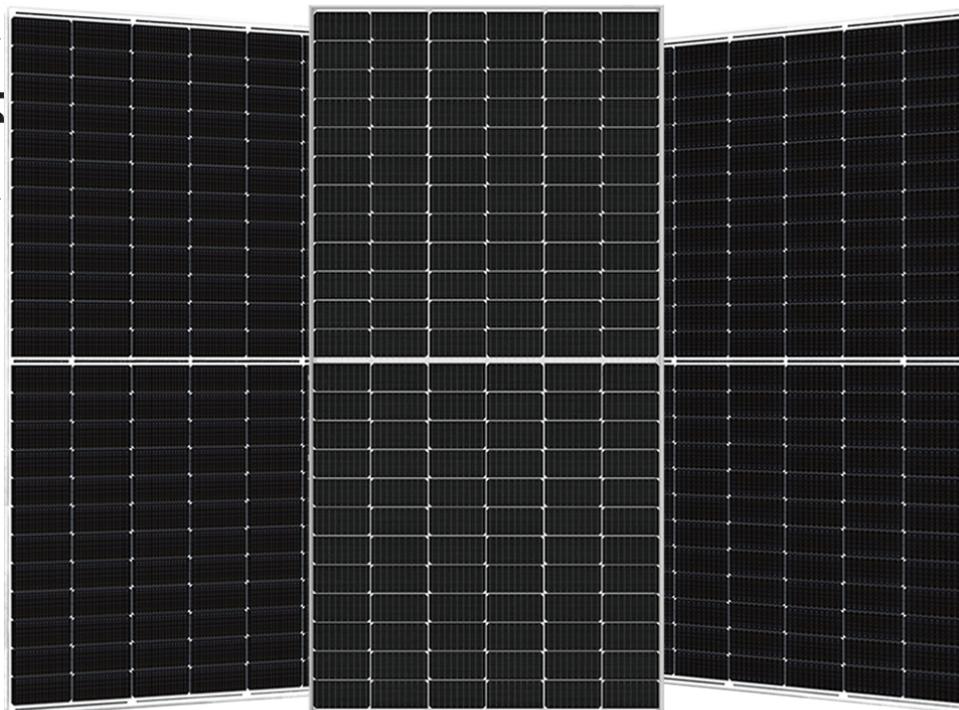

**THINK LIKE A KING, GO SOLAR WITH KYPAS SOLAR YOU CAN TRUST**

## BIFACIAL

TOPCON (N Type)

MONFACIAL (P Type)

ALMM Approved Solar Panels

( ALMM Approve List Of Models & Manufacturers )

# Mono Perc / Topcon Bifacial Solar Panels

- Anti-Reflective (AR) Coated Glass for Enhanced Power
- High module conversion efficiency
- IP68 Junction Box for Long Term Endurance
- Excellent low light performance
- High PID resistant
- Extended Mechanical load tested up-to 5400 pascals
- N-Type TOPCON with Zero LID Loss

CERTIFICATION

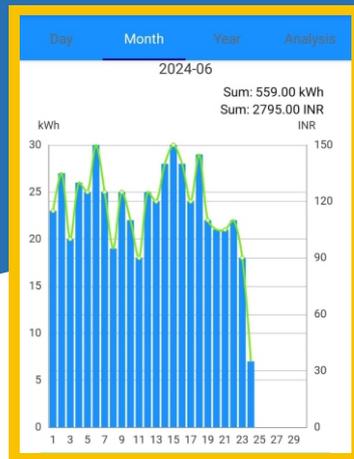

Better Output in Low Irradiance Higher power output even under low-light environments like on cloudy or foggy days

Maximum Efficiency UPTO **23%**

**Say goodbye to rust!** To ensure long-lasting durability, steel structures used in **Kypas Solar's** systems undergo hot-dip galvanization. This involves dipping the steel in molten zinc at high temperatures **450°C**, creating a rust-resistant zinc coating that protects the structure for **25 years**.

- Superior Corrosion Resistance
- Long Durability and Lifespan up to 25 years
- Zero Maintenance

## HOW SOLAR SYSTEM WORK

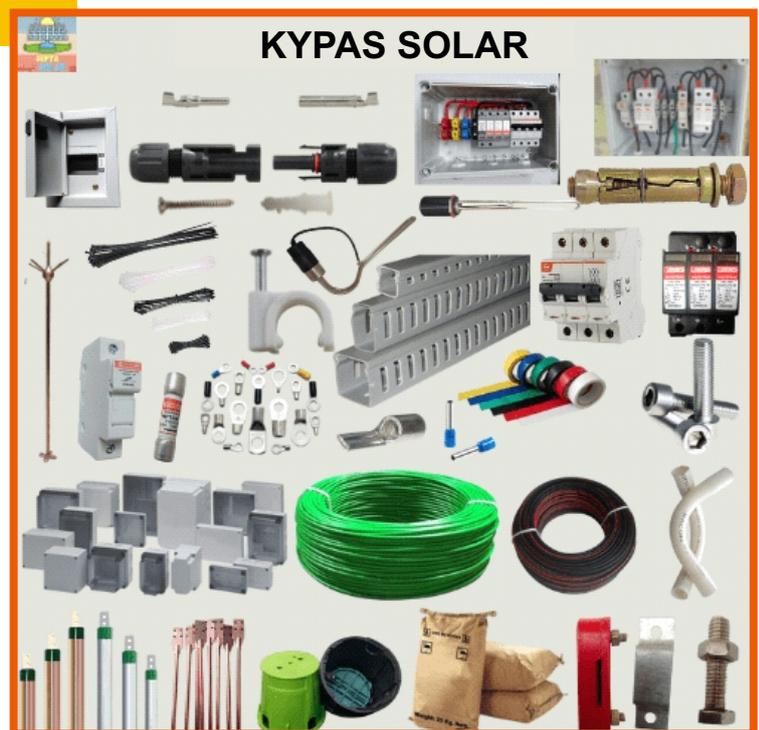

## Why Kypas Solar is the ideal choice for your solar journey?

- We offer the **latest technology panels** to meet your future energy needs.
- Our hot-dipped galvanized structures are **rust-proof for up to 25 years**.
- Our solar structures can **withstand heavy rains and wind gusts exceeding 160 km/h**.
- **100% water leakage guarantee** through chemical anchoring.
- We design and structure your system based on your **specific needs** and preferences.
- We offer **affordable prices** while maintaining an unwavering **commitment to quality**.
- We are committed to providing **high-quality goods**, as promised.
- Before we begin your project, **we'll walk you through** the entire process.
- We offer a quick and efficient **documentation process**, expediting your **subsidy** application.
- Ensuring **best electrical safety** for rooftop solar system
- We provide access to data and feedback from **satisfied Kypas Solar customers**.
- **Quarterly servicing visit** and maintenance check
- Experienced **technical support**
- Our team provides **24/7 support** and ensures a quick response.
- Enjoy **5 years of free service** from Kypas Solar.
- We offer easy **EMI options** and hassle-free financing solutions

“ Make the smart switch to solar with Kypas Solar. We offer a worry-free experience with top-tier technology, exceptional service, and a commitment to your clean energy future. ”

# Benefits of **PM SURYA GHAR**

## Get Subsidy from GOVT up to 78000/-

- Reduced Electricity Bills and pay ZERO Bills
- Free Electricity up to 20 Years
- Sell excess Power to GOVT
- Smart investment gets up to 30% Return on Investment (ROI)
- Reduced Carbon Emissions save up to 32 trees per year by installing 1 KW solar.
- Increased House value
- Tax Benefits

## Happy Clients

### Rammohan Rao:

Very good team, management and team are honest and trustworthy. Thanks Rajeev, Sai and team for your patience, clarifying all the queries. Installation quality is very good. Your commitment and dedication will bring more success to you. I wish you all the very best.

### Venkatesh Nayakoti

I had recently embarked on a journey with the Kypas team after coming across an ad, and admittedly, I was initially skeptical about whether it would work out. However, after speaking with Rajeev and deciding to onboard, I've been thoroughly impressed. The commitment displayed by the team is commendable. They went above and beyond to source inverters that were out of stock, demonstrating their dedication to keeping their promises. Urney with them and highly recommend Kypas for anyone considering solar solutions. Excellent service and commitment throughout the process!

### Pandurangarao Rallapalli

Kypas Solar team was very helpful and they enabled solar system as said thank you teamd commitment throughout the process!

### Ram Kishore Chavali

Delivered as per given commitment and also hard working team.

Going Solar can be a big decision. We're here to guide you every step of the way, making it easy and affordable, wherever you are and stress-free experience.
